**Keegan Murray Reaches New Heights in Sacramento**  
*NBA Rookie Earns Honors and Continues to Break Records*

**Sacramento, CA.** – Keegan Murray (6-8, 225-pounds) today had a career-high of 30 points against the Houston Rockets. This comes shortly after Murray was named Rookie of the Month for two consecutive months and broke the franchise record for most 3-pointers made by a rookie in one season, coming in at 135 3-point field goals.

After two seasons with Iowa State, the 22-year-old forward was selected fourth overall in the 2022 NBA Draft. Murray made his debut with the Kings in October against the Los Angeles Clippers, scoring 19 points - the third most by a Kings rookie in a debut.

“Murray has been a key component to our success this season and a notable addition to the team. It’s been a pleasure to not only coach him in his rookie year but also to witness his many career firsts,” said Sacramento Kings Head Coach Mike Brown. “I can’t wait to watch him continue growing as a player and support him as he reaches new heights.”

As a rookie, Murray averages 12 points and 4.6 rebounds per game. In 54 games played, he is .444 from the field and .794 from the free throw line. His threes are something to talk about, making five 3-point field goals or more in a total of seven games and averaging a 3-point field goal percentage of .417, ranking him first in 3-point field goals made amongst all rookies this season.

###

**About the Sacramento Kings**

Founded in 1923, the Kings are the oldest franchise in the NBA. Beginning the journey in Rochester, New York, the Kings found a forever home in Sacramento in 1985. The organization works on and off the court to provide fans with an authentic, memorable and engaging experience. The Sacramento Kings have won five division titles, two being in Sacramento. For frequent team updates, follow the Kings on [Instagram](#) and [Twitter](#) @SacramentoKings and on Facebook at Facebook.com/SacramentoKings.
